

California Compliant. FireKing Protected.

Serious Record Protection in the Golden State

California educators take records protection very seriously and FireKing fire-rated storage fits the bill for both compliance and protection. We offer storage in vertical, lateral, and storage cabinet options which are sure to be an asset to any educational administration office throughout the state.

See below language regarding student records maintenance applicable to Private Post-Secondary Educational Institutions in the State of California:

Cal. Code Regs. Tit. 16, § 331.5 - Records

There shall be maintained a good system of records, showing conveniently and in detail, the attendance, discipline, grades and accounts of the students, by means of which an exact knowledge can be obtained regarding each students work. A personal file must be maintained for each student containing his admission credentials, photographs and other identifying personal items.

Fireproof storage must be provided for the safekeeping of records.

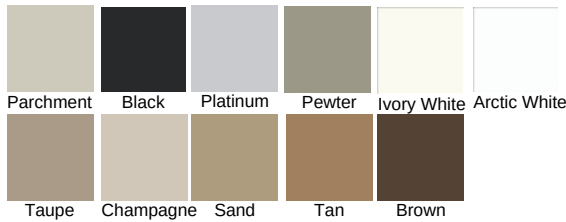

Be Compliant, Be Protected

Whether it is disaster, compliance penalties, or both

UL 1-Hour Vertical Files

UL Class 350 one-hour fire and impact rated files for paper and certified to protect hard drives, CD's, DVD's, from exposure to heat for 30 minutes

UL 1-Hour Lateral Files

All the features of the vertical files in a sleek design. Fully equipped to handle both letter or legal files.
